

LOCAL MATTERS.

From Washington.
[SPECIAL DISPATCHES TO THE GAZETTE.]
WASHINGTON, May 17, 1877.
It is understood here that during the President's visit North he has heard so many expressions of approval of his Southern policy even from the most pronounced republicans that he will return to the city more determined than ever to carry it out. He will, his friends say, make a visit South in a short time.

VIRGINIA NOTES.
The arrival of several Virginians, prominent in connection with the Richmond postoffice applications, makes it evident that that matter is becoming the subject of some movement as soon as the President returns, and those who are in a position to know think that action will be taken upon the subject before the close of the present, or during the early portion of next week. It may be said with certainty that Miss Low's prospects have considerably brightened during the past few weeks, but nevertheless it is not believed that she will be appointed, but she may still have ample strength to secure a further delay in the matter. No postoffices were established, nor postal appointments made in Virginia this morning.

NATIONAL NOTES.
The subject of the appointment of a new minister to Venezuela begins to attract much attention in Government circles, and it is believed, the appointment will be made in a few days.
The Government offices are without any, that whatever except routine business.
The Postmaster General will make a visit South next week, leaving here on the 24th inst. He will extend his visit no farther than Atlanta.
Additional instructions to naval officers respecting the neutrality to be observed in the Russo-Turkish war were issued today.

GEN. W. H. F. LEE RECOMMENDED FOR GOVERNOR.—The Salem Conservative publishes a communication signed "Augusta," and headed "Letter from Staunton," which pays a tribute to Gen. W. H. F. Lee and urges him to be the person who should be elected the next Governor of Virginia, and calls upon the farmers to support him, saying that "he is a man of talent and a farmer, and it is the duty of every farmer throughout the State who prides in his name to give him his hearty support."

GEN. FITZ LEE FOR GOVERNOR.—A correspondent of the Richmond Dispatch, writing from Staunton, says: The facts, so far as the movement of the time to the nomination of Gen. Fitz Lee for Governor, are these: We would not wonder if we could get John L. Mather as our first choice, and if we cannot get him, then we will go for that gallant soldier and our former General in Chief of the Staff, Gen. Fitz Lee. We will, however, not omit to call for the nomination of the person, whoever he may be, though his name may have appeared dark to us who are not politicians.

Among the passengers by the Nuremberg from Baltimore, today, for Southampton, are Alexander Sartoris and wife (formerly Miss Nellie Grant, child and servants and J. W. Silver, U.S. Consul to St. Helena.

COMMERCIAL.
ALEXANDRIA MARKET, May 17.—The market dull and drooping, and prices are low. A small lot of red wheat was offered, but withdrawn. 500 bushels of Corn sold at 61 and 62 cents. Rye and Oats dull, with sales of the former at 90, and of the latter at 46 and 47.

FISH REPORT.—Receipts at Fishmarket since yesterday amount to 1560 Shad and 110,000 Herrings. Shad brought \$16 per hundred, and Herrings \$5 per thousand.

BALTIMORE CATTLE MARKET, May 17, 1877.
Cattle—Prices to-day ranged as follows:
Best Bores.....\$5 25 to \$6 75
Medium.....\$5 00 to \$6 00
Stump or good fair quality.....\$5 00 to \$5 50
Ordinary thin Steers, Oxen and Cows.....\$4 00 to \$5 00
General average of the market.....\$5 75 to \$6 00
Extreme range of prices.....\$4 00 to \$6 25
Total receipts for the week 1151 head. Total sales 1105 head.

The market this week was much more active at the opening and for a considerable time thereafter than it was last week. But on Tuesday sales were made very slowly, and the inquiry list. The quality was much better than last week, the tops being better and quite numerous.

Milk Cows—Good Cows have been active at \$25.50, and common rather slow at \$25.50 per head.

Sheep and Lambs—The quality of the Sheep this week is scarcely up to that of last week, and the demand for home use has shown some slight improvement, with a shade advance in price. Inquiry for Sheep, though there has been some call for Lambs for shipment, but at a decline of half a cent per lb as compared with the figures of last week. We quote Sheep at \$4.00, and Lambs at \$4.00 per lb gross, and a slight domestic demand. Receipts this week 597 head. Total receipts for the week 610 head.

THE PEOPLE'S TICKET.—Further inquiry as to the so-called "People's Ticket," has failed to discover a single person who either acknowledged having been present at the meeting, which is said to have framed it, or was there; and the impression is that no such meeting was held, but that the ticket was concocted by two or three persons who wanted to be candidates, and who, without notice or authority, added the names of gentlemen, one of whom has, to a card, denied any participation in the movement, and two others, Messrs. George Swain and John P. Nugent, have requested that their names be taken off the ticket, refuse to have anything to do with it, and deny any knowledge of it or its projects.

DECISION AS TO LICENSES.—There was a case before the Mayor, this morning, involving the question of the extent of licenses to butchers and bakers, and what articles were allowed to be sold thereunder. After examining the case, the Mayor decided that butchers could not sell eggs, butter and other articles usually sold by butchers, nor could the latter sell meats and other articles usually sold by the butchers, but that if parties desired to conduct both kinds of business, they must take out a separate license for each.

THE VOTE OF THE CITY.—The following is the official vote of the city, as taken from the registry books of the several wards:

	White.	Colored.
1st ward.	497	211
2d "	399	216
3d "	863	538
4th "	402	497
Total.	2161	1462

THIRD WARD RADICALS.—The Third ward radicals held a meeting at the old court house, last night, with J. McK. Ware in the chair and Thomas Allen, Secretary. The only business done was the appointment of a committee to drum up voters and see that they paid their capitation tax. The meeting then adjourned.

ACCIDENT.—Mr. W. A. Sisson while at work on the new buildings at the corner of Prince and Pitt streets, this morning, fell from the second floor to the joists below, bruising himself severely and knocking himself senseless. He recovered in a short time, however, and was taken home.

LIGHTHOUSES.—The lighthouse at Thomas Point Shoals, which was injured by ice last winter, will be strengthened. The Craighill channel front beacon is said to be as solid as engineers can make it. The materials are being prepared for a new lighthouse on Roanoke Marshes, N. C., to be erected next fall.

BURNING SECURITIES.—The Committee on Finance, of the City Council, held a meeting at the Auditor's office, last night, and destroyed, by burning, a lot of old bonds and other securities for several years past. They also destroyed nearly \$4,000 in redeemed coupons.

WARD MEETINGS.—The Ward meetings of both political parties, to nominate members of the City Council, will be held in the several Wards to-morrow night. The radicals will at the same time, appoint delegates to the city convention, to nominate city officers, which meets on Monday.

Local Brevities.

At a meeting of the republicans of the Arlington magistrical district of this county, held last night, the following nominations were made: For Supervisor, James H. Stevens; Justices of the Peace, W. H. Luma, Austin Sykes, and Alonzo G. Haye; Constable, Randolph Burch; Overseer of the Poor, Jacob Williams; Superintendent of Roads, Septimus Brown.

Brad, Adams, J. E. White, G. W. Cochran and others have purchased an excursion barge for use on the river, and yesterday filed a certificate of the incorporation of the Washington Barge Company in the register's office of that city. It is understood that the charter rates for excursions on the river will be lower this year than during past years.

Marriage licenses have been issued in Washington to R. Reed, of Prince William county, Va., and Mary C. Wilson, of Prince George's county, Md.; Charles Lovett, of this city, and Sarah Richardson, of Washington; and A. J. Thomas and Alice S. Birch, of Arlington, Va.

The buildings for the new picnic resort at Geisboro Point are being rapidly pushed to completion. The steamers of the Potomac Ferry Company will run from Washington to that point until midnight. It is expected that the new resort will be a success.

Among the graduates of the theological department of Howard University, in Washington, on Tuesday night, were J. Johnson and Temper S. Robinson, of Virginia.

Falls Church is rapidly improving. New buildings are in progress, streets are being graded, sidewalks laid, and shade trees planted.

As will be seen by notice elsewhere, the boats of the Potomac Ferry will run until eight o'clock at night on and after Sunday next.

The shipments by canal from Cumberland were very large on Tuesday, amounting to 3,862 1/2 tons, carried by 34 boats.

Rev. W. S. Penick will preach in the M. E. Church this evening at 8 o'clock.

The price of bread has been still further reduced to five cents per pound.

Ex-President Grant.
PHILADELPHIA, May 17.—This morning Gen. Grant took breakfast with Gov. Hartranft, Senator Cameron, Col. Fred. Grant, Gen. Sherman and Hamilton Fish, after which he was waited upon by the Mayor and committee of Councils, and escorted to Chestnut street wharf, where the steamer Twilight was waiting to make a short excursion up the river with the ex-President and a number of invited guests on board. A very large crowd of people were assembled at the wharf, and Gen. Grant was loudly cheered on his arrival. As the steamer left the wharf the people grew very enthusiastic, and cheering, waving of handkerchiefs, and other manifestations of pleasure were indulged in. The shipping on the river was very generally decorated, and the ferry boats, steam tugs, etc., all saluted the excursion party with their whistles and flags.

On arriving at Cramp's ship yard, where the Russian corvette Orayev is lying, that vessel ran up an American flag and a salute of 21 guns. After proceeding a short distance up the river the Twilight turned and steamed down again, being conveyed by a number of private tugs and steamers with excursionists on board. All seeking to do honor to the ex-President. The Twilight will proceed to New Castle, where Gen. Grant will be transferred to the steamship Indiana, in which vessel he will sail to Liverpool.

The revenue cutter Hamilton, which had been placed at the disposal of Gen. Grant by President Hayes, was used for the purpose of carrying Mrs. Grant and a number of persons to the wharf. In passing the river yard the Hamilton was greeted with a salute from the receiving ship.

ANOTHER WHALE ARRIVED.—A distinguished stranger, in shape of a white whale, arrived in this city early this morning from the island of Antioch. In March, upon the death of the second whale in the Aquarium, Mr. Zach. Coup started for the far North determined to procure another. He went to the little Isle, Aux Cordes, in the St. Lawrence, where he organized a party of hardy fishermen and chartered a schooner.

After considerable search they found such a bay as they wanted, indenting the bleak coast of Antioch.

Here they sunk a large box in the sand, where it was covered by high water, but was slightly exposed when the tide was out. Then they waited, until at last one of the white monsters was seen, swimming in the little bay.

A strong net was hastily stretched across the mouth of the inlet, and upon the going down of the tide the whale was found in the deep of the tank. The lid was closed, and by powerful derricks tank, whale and all were placed aboard the schooner and taken to Quebec.

Here he was transferred to a great coffin like box, filled with sawdust, and placed on a car. Leaving Quebec last Monday the whale and his attendants arrived in the Grand Central Station at 6:30 o'clock this morning. During the entire journey men have thrown buckets of salt water over him every minute to keep his blow holes wet and open.

The great box was quickly placed on a truck and taken to the Aquarium, where it was hoisted on a derrick until it was directly above the huge glass tank and then let down into the water.

A side was knocked off, and with a flirt of his tail sent the water flying over Messrs. Coup and Butler as they watched the proceedings, the whale was off and circling around his new home.

There are noticeable upon him several abrasions of the skin, which cause some excitement in the minds of his owners. Zach. Coup has come back with his fishermen to catch more whales, with which to stock the new Coney Island reservoir.—N. Y. News of last evening.

The American brig C. C. Sweney, for the United States, has returned to Havre, the crew having mutinied and killed the mate.

Commodore Edward M. Carpenter, of the U. S. navy, died at Shrewsbury, N. J., yesterday in his 81st year.

G. W. Hay, of Hanover county, Va., committed suicide yesterday.

The best and cheapest in the world. Dr. Bull's Cough Syrup only costs you 25 cents, and it if it does not cure your cough you can get your money back.

CURE FOR SICK HEADACHE.—Dear Bro. Meek, editor "The Central Methodist," *Brooklyn, Ky.*: I see in the last Central that you want a remedy for sick headache. If you will use a remedy that you advertise in your paper every week, I am sure you will be greatly benefited thereby, and I believe cured. I have been a sufferer from sick headache. I can say almost from infancy, and have tried every remedy I could get, and never found anything to do me any good until I used "Simmons' Liver Regulator." It has been nearly three years since I first used it, and I have not had sick headache since, and I have never used but two packages and a half of the "Regulator." I had a sister last spring that had from one to two spells of sick headache every week. I sent her half of a package and she says she has not had it since. I feel for any one that suffers with that terrible disease, and I hope you will give it a trial, and I also hope to hear that it has cured you. I am yours,

J. S. MORRIS.
Brownsville, W. V., Sept. 6, 1876.

SPECIAL NOTICES.

VINE CULTURE AND WINE MAKING.—Mr. Alfred Spoor, of Passaic, N. J., so long and favorably known as the wine man of New Jersey, expects a larger yield of grapes this year than usual, and has reduced the price of his four year old port so as to bring it within the reach of the poorer families who need a pure and rich wine for medicinal purposes. Mr. Spoor's mode of fermenting and keeping his wine differs from the usual methods. This is the reason why it is so much superior in quality; but it requires four years management and changing of temperature in order to make such a perfect fine wine as this is: the knowledge of changing to various temperatures at different times, and at the right time, is where he has the advantage of getting so rich a wine without the use of liquor. Large quantities of Spoor's Port Grape Wine have been ordered to South America and even to London and Paris by Europeans. Physicians recommend it as superior to most of the European wine. It is dealt in largely by druggists.—(Daily Express.) 3t
